The hard cover copy now comes to Kindle. This book is designed to teach you how to create opportunities from your daily newspaper. It uses a variety of methods that range from selling to writing to lead generation, etc. By combining material designed to create the right mindset with actual examples from one daily newspaper, this book shows you how to put money in your pocket. The authors claim they wrote this book in an off the wall style deliberately, so it keeps you guessing as to what is coming next. The book also covers topics such as: Money From Your Front Page, Money From Your Sports Page, Money From Your Regional Page, Money From Classified Ads, The Wealth Formula, Giving To Get, and Kissing Frogs. When the original ebook was written in 2005, the late Cajun Clark stated, "There is nobody doing anything like this on the internet today." Upon listening to an optional audio recording, also made available in 2005, stated: "--within hours of listening to your audios i got my first ever affiliate sales--this is working for me. Now, that felt GOOD Onwards and upwards!!-- (Al McGourlay was not a friend of the authors in 2005 when this statement was made, but now is.) Although all the material might not apply to everybody, the authors of the book, believe there is at least something for everybody, regardless of where they are in their socio-economic status.
