

Rachel Carson: Pioneer of Ecology (Women of Our Time)

Rachel Carson is a scientist, author, and environmentalist. Rachel Carson was always fascinated by the ocean. As a child, she dreamed of it and longed to see it. As a young woman, she felt torn between her love for nature and her desire to pursue a writing career. Then she found a way to combine both. Rachel had a talent for writing and talking about science in a way that everyone could understand and enjoy. With her controversial book, *Silent Spring*, Rachel Carson changed the way we look at our planet. Contains black-and-white illustrations. Kudlinski has admirably captured the driving force of spirit of a shy but courageous woman in a succinct, respectful approach. Booklist About the *Women of Our Time* series: International in scope, the *Women of Our Time* series of biographies cover a wide range of personalities in a variety of fields. More than a history lesson, these books offer carefully documented life stories that will inform, inspire, and engage.
