

The Life of Anne Catharine Emmer (Classic Reprint)

Excerpt from The Life of Anne Catharine Emmer This being the case, it is also natural to defer till the same opportunity some prefatory remarks on the general subject of the visions or contemplations of Anne Catharine which were intended to accompany the translations just mentioned. In truth, the Life of Anne Catharine is a complete study and picture in itself. She might have had her mission of suffering and expiation at a time which in so many respects resembled our own, - she might have been the holy peasant child, the misunderstood and persecuted nun, the Religious driven back to the world by the tyrannical suppression of her convent, the ecstatic and stigmatized representative of the Passion of our Blessed Lord in days of unbelief and chastisement, without having also the other gift and the other vocation which were bestowed on her - the gift of marvellous and almost perpetual insight into spiritual truths in the form of visions representing the life of our Lord and of the Church, and the vocation of reviving the faith and rekindling the love of so many by the communication of what she saw and heard.
