Award-winning comedy writer Merrill Markoe, the slightly warped mind behind *Stupid Pet Tricks*, is an old hand with dogs. She knows whoâ€™s boss (they are) and the myriad ways a loving pet can make you feel guilty twenty-four hours a day. This new edition of Merrill Markoeâ€™s classic collection of humorous essays gives readers the choicest selections along with brand-new material. In these razor-sharp essays, Markoe recounts her dogsâ€™ phone chats with animal communicators, her search for past lives, and her brief stint as a stun gun saleswoman. She describes the workshop that taught her how to launch an Internet porn business and another that gave proper instruction in the esoteric art of becoming a dominatrix. She shares insight into what it is like to structure your day using only dog rules, how to spot a really horrible restaurant, and what itâ€™s like to have a romantic dinner with Fabio. Thereâ€™s even a bright side to preparing for the apocalypse: â€œAt last, it is time to forget about fat grams and low cholesterol.â€• This enchantingly rambunctious and boundlessly enjoyable book gives you Merrill Markoe at her best. Youâ€™ll devour it in one sitting (and so may your pet).
