

Creating Safe and Sacred Places: Identifying, Preventing, and Healing Sexual Abuse

Your ministry with young people begins by building relationships that include appropriate boundaries. *Creating Safe and Sacred Places* is the first resource of its kind in response to The Charter for the Protection of Children and Youth (issued by the United States Catholic Conference of Bishops). The charter calls, in part, for dioceses, schools, and parishes to establish safe environment programs. *Creating Safe and Sacred Places* is written by an expert in the field of sexual abuse and by a veteran youth minister. The manual provides information on procedures and strategies to promote a safe environment, including material for training parents, ministers, educators, and church personnel in identifying, preventing, and healing sexual abuse.
