Review When you learn the rock-bottom basics of something, they become a part of you so that their utilization becomes second nature. A person can study techniques forever, and some of them work, sometimes, but to some degree a rehearsed script will appear fake, and new situations always arise for which there is no script! Having, knowing, and using your own customized Road Map is the solution to turning a contact into a closed sale. Secrets of a Master Closer gives you that Road Map.
