

Better by the Dozen, Plus Two

Is there an uneasiness that tugs at you from your interior? Do you want to live in the world without being of the world? This book, written by parents in the process of raising fourteen living children, unmasks many of the fundamental errors of our time, offering a concrete hierarchy of values or priorities to live by in the midst of a seriously disordered modern dominant culture. It is an appealing and interesting read for anyone and everyone designed to move the reader to serious reflection on the state of his or her life, and to hopefully come away with some helpful resolutions of a spiritual and/or practical nature. BETTER BY THE DOZEN, PLUS TWO includes anecdotes and a philosophy of life from a family of sixteen providing insights into the meaning and purpose of life, with the goal of helping the reader to achieve true happiness and fulfillment.
